

# WE'RE LOOKING FOR

## PROJECT MANAGEMENT

### ABOUT OUR COMPANY

**SHOWSDT** is the leader in the manufacture, distribution, and installation of scenic equipment, rigging and automation for the live shows, entertainment, and broadcast industries. Whether for equipment rental or sales, a permanent custom installation, or a turnkey design, we work nationally and internationally delivering large-scale projects to our clients.

### THE CHALLENGE

Under the responsibility of the V.P. Sales, the person in project management ensures the overall monitoring of permanent installation projects. They maintain close control of the project using time and cost management tools, ensure smooth communication between departments that work together to serve the project. You must be able to show the progress of each project in real time. An in-depth knowledge of the realities surrounding construction sites is required and knowledge of the equipment used on stage in a theatre is a major asset. All our projects are unique: be it for the replacement of motorized or counterweight rigging, setting up of automation and control systems or tailor-made curtains and stage decks, the work is always varied. We deliver solutions that don't exist ... yet? It's our expertise!

### TASKS AND RESPONSIBILITIES

- Supervises each phase of a new project
- Collaborates with the sales and production department
- Communicates closely with the CADD and design departments
- Analyzes the tender documentation for projects in bid phase
- Respects the existing structure for archiving project documentation
- Plans the resources of future projects (management of "Pipeline")
- Shows the progress of current projects with clear indicators of performance
- Participates in the internal process and goal of continuous improvement
- Writes and organizes post project documentation
- Any other task as required in connection with this role

### PROFESSIONAL EXPERIENCE

- 5 years and more of experience in Construction project management or a similar position
- Knowledge of theatrical infrastructure and / or theaters
- Mastery of blueprint reading (fabrication and architectural)
- Understanding of manufacturing logistics is an asset
- Mastery of construction site standards and procedures
- PMP certification is an asset
- Good level of working English – spoken and written.

### PERSONAL ATTRIBUTES

- Adaptability
- Be a positive leader
- Autonomous in time management
- Focused on collaboration in problem solving
- Attention to detail
- Sense of initiative and resourcefulness
- Punctuality and reliability
- Respect of deadlines
