

# WE'RE LOOKING FOR

## MECHANICAL DRAUGHTSMAN

### ABOUT OUR COMPANY

**SHOWSDT** is the leader in the manufacture, distribution, and installation of scenic equipment, rigging and automation for the live shows, entertainment, and broadcast industries. Whether for equipment rental or sales, a permanent custom installation, or a turnkey design, we work nationally and internationally delivering large-scale projects to our clients.

### THE CHALLENGE

Reporting to the project office, you will work as part of a design team, primarily assisting our team in the design and manufacture of automated industrial equipment for use in the cultural sector.

Delivering solutions that don't exist...yet! It's our expertise! That's the strength of our team!

### PROFESSIONAL EXPERIENCE

- DEC in mechanical engineering or ASP in industrial design
- Open to recent graduates
- Knowledge of Solid Work software and the Office suit
- Initiative, autonomy, team spirit
- Bilingual

### TASKS AND RESPONSIBILITIES

- Produce computer-aided drawings and technical specifications
- Create drawings of parts and subassemblies
- Assist the designer in their tasks

Working conditions

- 40 hours/week, full-time daytime on-site work
- Start date: as soon as possible

### PERSONAL ATTRIBUTES

- Autonomous, rigorous and structured
- Ability to process a large amount of data with precision
- Positive and solution-oriented attitude
- Good teamwork skills
