DIRECT CONTROL SOCAPEX 19-Pin

This 4 channel Rigging Controller is made for Direct Control chain hoists. It features one Socapex 19-Pin female panel mount connector and comes with automatic phase reverse as a standard feature.

When the main supply is connected, there is no need to worry about switching over to the proper lifting direction. This controller can be used with a VSD-DIS-30 disconnect as a main power distribution.

The Standard configuration comes with:
